opposed secession, but when his state went out he considered it his duty to go with it. When he accepted a command under the rebel gov ernment he considered he was serving his state He considered his surrender of the military not a polical sacrifice; that it was not a surrender of the doctrine of state rights. When the south was wholly surrendered only would the doctrine of state rights be surrendered. The surrender o a single army was only a military necessity When the south surrenders all its forces and returns to the union, then only will she surrender her faverite doctrine of secession. That principle (will be determined by military power. On this doctrine of state sovereignty he contends there exists legitimate causes to believe that the

question was left unsettled in the convention forming the organic law, and the war is destined to settle; therefore the war raised on the issue cannot be called treason. If the south is forced to submit, it can only be looked upon as the triumph of federal power over state right and the forced annihilation of the latter
